

# DEFECT MONITORING AUTOMATION CHALLENGE 2021

DIAGEO

DIAGEO, a global leader in alcoholic beverages, is offering paid pilot to innovators with digital solutions in Defect monitoring on our bottling lines. We are looking for a complete solution (hardware & software) that can automate the current manual quality inspection process to remove human subjectivity. The defects identification requires:

1

## Product

automatic visual inspection of liquid in transparent glass bottles, closures/caps

2

## Packaging

external packaging materials such as labels, mono-cartons (paper boxes) and outer cartons

LAST DATE

30<sup>th</sup> SEPTEMBER 2021
